

Summary work in 2 weeks

1. Code interfaces for receptionist

- Login
- Register a new patient
- Lookup information a patient
- Main View
- Assign nurse

2. Research HUDSON (introduction using HUDSON in attach file)

- a. New Job : Project Hospital Manager System
- b. Add user to work with this project

When I try to configure maven, I couldn't use Hudson. I meet error like picture below. I couldn't go to main screen of Hudson.

Error

```
